

# MIKLAGARD GOLF

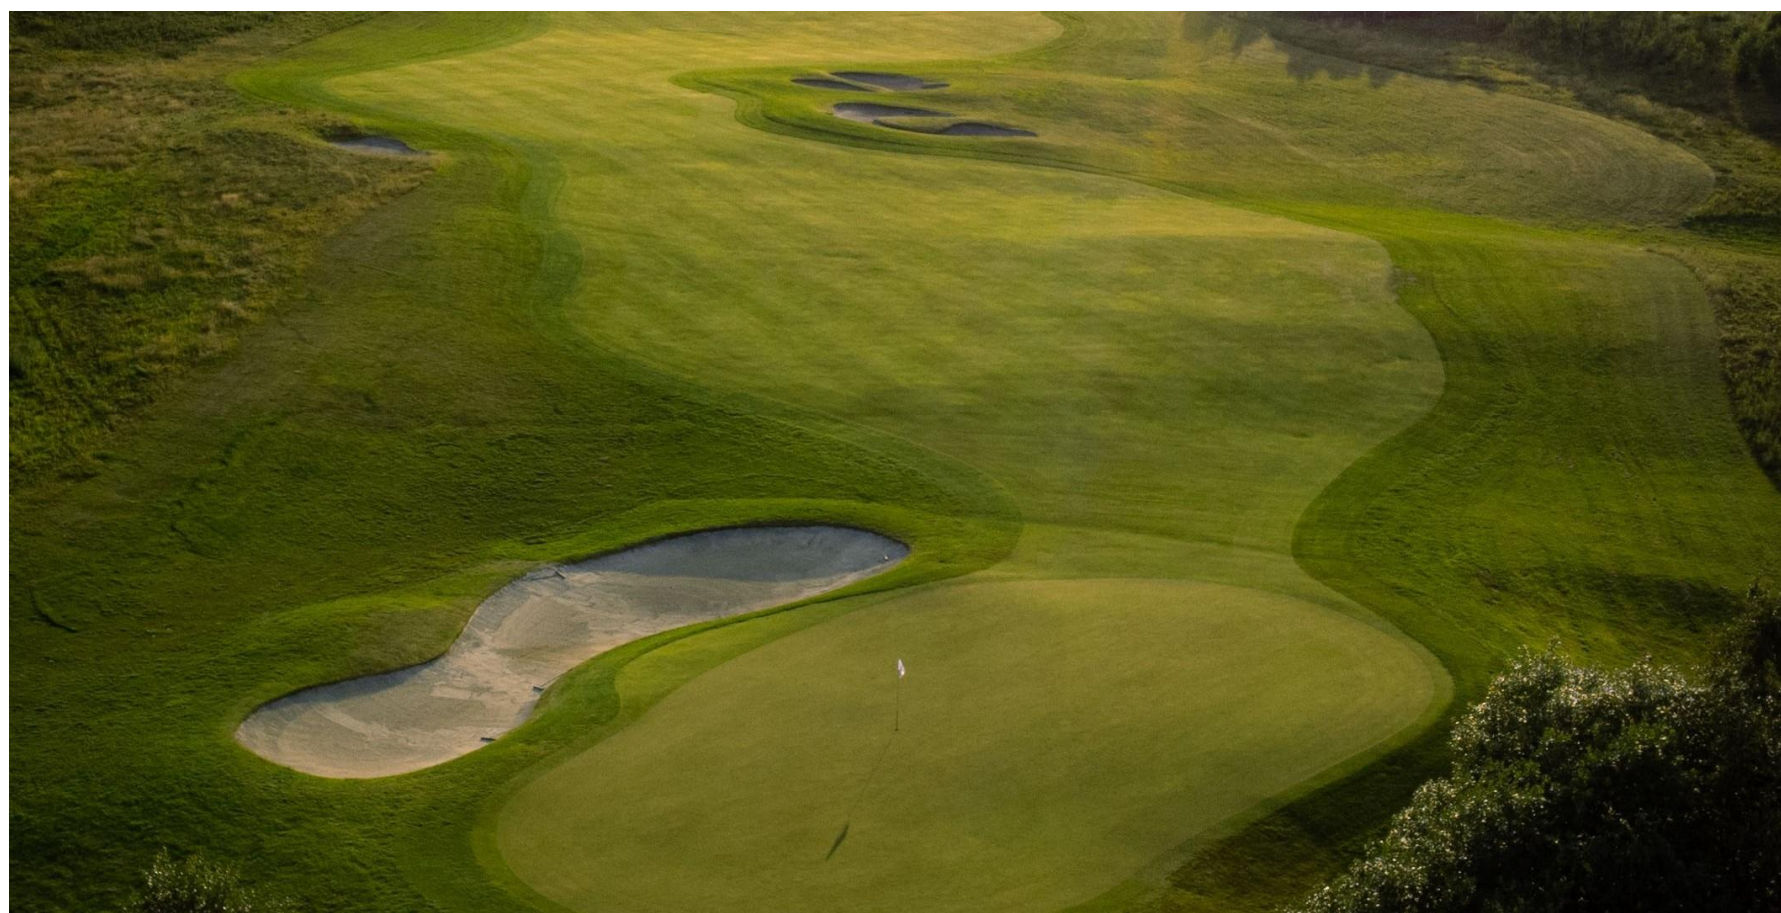

## MECHANIC MIKLAGARD GOLF

We are currently seeking a full-time mechanic/equipment manager to oversee our extensive fleet of new John Deere equipment and manage our newly completed 170m2 modern workshop. A full range of modern tools is already in place, and new Bernard cylinder and bedknife grinders are scheduled for delivery in December 2025.

Salary: a very competitive package will be offered and help with finding accommodation if required.

Miklagard Golf Club is one of Norway's top golf courses. Originally designed by Robert Trent Jones Jr, the course underwent a major transformation in 2020, including 5 new holes on the 18-hole layout and the addition of a cutting-edge driving range. A new practice area is currently under construction with a planned opening date of early season 2026.

Conveniently located just 25 minutes north of Oslo city center and only 10 minutes from Oslo Gardermoen International Airport, Miklagard offers excellence in both accessibility and golfing experience.
