

L O S B Y G O L F K L U B B

Losby Golfklubb is a 27-hole facility located 22km from the centre of Oslo. Our 18-hole course is currently undergoing a full renovation of greens, green surrounds and bunkers, which has been re-designed by golf course architect, Caspar Grauballe. The new greens are creeping bentgrass, built to USGA spec, and bunkers are being constructed with Capillary Concrete and DuraBunker edge. The club is in the process of introducing robotic mowers to maintain the fairways and rough.

SEASONAL GREENKEEPER

We are currently looking for seasonal greenkeepers to join our team for the 2027 season (6-7 month contract, starting April).

Skills:

- Previous experience as a greenkeeper is desirable, but not essential as full training will be provided.
- Can work individually and with others.
- Good timekeeping.
- Positive attitude towards colleagues and golfers.

Work Tasks:

- Daily maintenance of the golf course.
- Operating machinery and mowing equipment.
- Working to a high standard and paying close attention to detail.

What We Can Offer:

- A safe working environment.
- Working within an experienced team with modern equipment.
- Working on a golf course with newly constructed greens and modern design.
- Rates of pay depending on experience.
